Filing Assumption and Assignment Objections

If you disagree with a Cure Cost listed on the Schedule of Potential Assigned Contracts and Cure Costs, or if you object to the proposed assignment to the Purchaser of any Assigned Contract or to the ability of the Purchaser to provide adequate assurance of future performance with respect to any Assigned Contract, you must do so by written objection (an “**Assumption and Assignment Objection**”) filed by **September 27, 2020 at 4:00 p.m.** (prevailing Eastern Time) the (“**Assumption and Assignment Objection Deadline**”). Subject to the terms of the APA, the Purchaser may, at any time prior to the earlier of (i) sixty (60) days after the Closing Date of the Sale and (ii) the effective date of a chapter 11 plan of the Seller (the “**Designation Deadline**”), designate a contract or lease on the Schedule of Potential Assigned Contracts and Cure Costs as an Assigned Contract that will be assumed and assigned or assigned, as applicable, to the Purchaser. *The assumption and assignment or assignment, as applicable, of the contracts and leases on the Schedule of Potential Assigned Contracts and Cure Costs is not guaranteed and is subject to approval by the Court and the Purchaser’s right to designate a contract or lease on the Schedule of Potential Assigned Contracts and Cure Costs as an Assigned Contract.*

In the event that an Executory Contract is omitted from the Schedule of Potential Assigned Contracts and Cure Costs, and the Purchaser desires to designate such Executory Contract as an Assigned Contract in accordance with the terms of the APA, the Contract Counterparty to such Executory Contract will receive notice (a “**Supplemental Assumption and Assignment Notice**”) and an opportunity to file a written objection (a “**Supplemental Assumption and Assignment Objection**”) by no later than fourteen (14) days from the date of

service of such Supplemental Assumption and Assignment Notice (the “**Supplemental Assumption and Assignment Objection Deadline**”).

Assumption and Assignment Objections and Supplemental Assumption and Assignment Objections, including any objection relating to the Cure Costs necessary for the assumption and assignment or assignment, as applicable, thereof or adequate assurance of the Purchaser’s future ability to perform, must (i) be in writing, (ii) comply with the Bankruptcy Code, Bankruptcy Rules and Local Bankruptcy Rules, (iii) state, with specificity, the legal and factual bases thereof, including, if applicable, the Cure Costs the Contract Counterparty believes are required to cure defaults under the relevant potential Assigned Contract and supporting materials evidencing the same, (iv) be filed by no later than the Assumption and Assignment Objection Deadline or the Supplemental Assumption and Assignment Objection Deadline, as applicable, and (v) be served on (A) counsel for the Debtors, Davis Polk & Wardwell LLP, 450 Lexington Ave., New York, New York 10017, Attn: Eli J. Vonnegut and Christopher S. Robertson, (B) counsel to the Purchaser, Kirkland & Ellis LLP, 601 Lexington Ave., New York, New York 10022, Attn: James A. Stempel, (C) counsel to the Creditors’ Committee, Akin Gump Strauss Hauer & Feld LLP, Bank of America Tower, One Bryant Park, New York, New York 10036, Attn: Arik Preis and Sara L. Schwartzberg (collectively, the “**Assumption and Assignment Objection Notice Parties**”).

CONSEQUENCES OF FAILING TO TIMELY ASSERT AN OBJECTION

Any Contract Counterparty to a potential Assigned Contract listed on the Schedule of Potential Assigned Contracts and Cure Costs or any Supplemental Assumption and Assignment Notice who fails to timely make an objection to the proposed assumption and assignment or assignment, as applicable, of such contract or lease on or before the Assumption and Assignment Objection Deadline or Supplemental Assumption and Assignment Objection Deadline, as applicable, in accordance herewith shall be deemed to have consented to the assumption and assignment or assignment, as applicable, of such contract or lease to the Purchaser and to have stipulated to the Cure Costs set forth on the Schedule of Potential Assigned Contracts and Cure Costs or Supplemental Assumption and Assignment Notice, as applicable, and shall be forever barred from asserting any objection or claims against the Debtors, the Purchaser or the property of any such parties, relating to the assumption and assignment or assignment, as applicable, of such contract or lease, including asserting additional claims for Cure Costs with respect to such contract or lease. Notwithstanding anything to the contrary in such contract or lease, or any other document, the Cure Costs set forth on the Schedule of Potential Assigned Contracts and Cure Costs or Supplemental Assumption and Assignment Notice, as applicable, shall be controlling and shall be the only amount necessary to cure outstanding defaults under the applicable Assigned Contract under section 365(b) of the Bankruptcy Code arising out of or related to any events occurring prior to the date of assignment of such Assigned Contract to the Purchaser, whether known or unknown, whether due or to become due, whether accrued, absolute, contingent or otherwise.
